Objective:

Highly motivated and results-oriented professional with 2 years of experience in software testing and automation. Seeking a challenging role where I can utilize my technical expertise and strong communication skills to contribute to the success of a dynamic organization.

Summary of Qualifications:

- Proficient in working in an agile environment and effectively collaborating with clients on daily work plans.
- Strong ability to understand client requirements, analyse and deliver high-quality results.
- Skilled in Java or other object-oriented programming languages, UFT scripting, and API automation.
- Knowledgeable in SQL queries and experienced with VBA Macros.
- Proven track record in working on, building, and maintaining test automation frameworks.
- Excellent communication skills, both verbal and written, enabling effective interaction with clients.
- Demonstrated leadership potential, with the ability to lead and support a team in day-to-day tasks.
- Graduated with MCA in Computer Science.

Professional Experience:

Infosys, Bangalore

Aug,2021 – Currently Working

Responsibilities:

- Collaborated closely with clients to understand their requirements and develop effective work plans.
- Analysed client requirements, identified test scenarios, and designed test cases to ensure comprehensive coverage.
- Utilized Java and UFT scripting to develop automated tests and perform regression testing.
- Conducted API automation using industry-standard tools and frameworks.

- Demonstrated expertise in SQL queries to validate data integrity and perform database testing.
- Developed VBA Macros to automate repetitive tasks and enhance productivity.
- Contributed to the development and maintenance of a robust test automation framework.
- Actively participated in daily stand-ups, sprint planning, and retrospective meetings.
- Provided regular status updates to stakeholders, ensuring transparency and effective communication.
- Assisted team members in troubleshooting and resolving technical issues.
- Acted as a subject matter expert, providing guidance and support to junior team members.

Achievements:

- Successfully implemented an automated testing framework, resulting in a significant reduction in testing time and increased efficiency.
- Received recognition for exceptional analytical skills and problem-solving abilities.
- Actively contributed to process improvements, resulting in streamlined testing methodologies and enhanced quality standards.

Education:

MCA, Computer Science

Sri Balaji PG College, Anantapur

Oct 2022

Additional Skills:

- Proficient in Selenium, UFT, VB Script,
- Strong understanding of software development life cycle (SDLC) and agile methodologies.
- Excellent organizational skills, with the ability to prioritize tasks and meet deadlines.
- Continuously update skills and knowledge through self-learning and professional development.
- Good Knowledge in automating Sap application, Desktop and Web.
- Git Hub.
